GOD IS ON THE MOVE NEWSLETTER END OF 2025

I want to thank all my supporters for their prayers and support of me and the ministry here in Mexico. Because of your continual support I have been able to continue the ministry here. I want to share some photos and stories with you that I have had the privilege to be part of.

*Blessings Fayth Mc Connell,
'Open Bible Missionary to Mexico*

I was asked to share at the women's Bible study in Imuris. Afterwards we painted flags with metallic paint and inscriptions on them to use waving flags to the Lord in worship. It was a fun time also great opportunity to fellowship and share the word with the ladies

Every other month the pastors meet for breakfast and fellowship. Del & I were invited to speak to the pastors. It is a wonderful time of fellowship, sharing and praying for one another. When Bill and I became missionaries to Mexico, 31 years ago, there were no Open Bible Churches. Now we have 19 churches and we have had the opportunity to construct some of those churches. Pastor Victor Chavez is one of the first pastors we brought into Open Bible and worked with. He has planted these churches. We praise God for him and his vision to plant churches.

Three of the kids from our safe house ministry lost their home. It burned down and everything was lost. There are 6 kids in the family all sleeping in their van, so we gathered up blankets, dishes, clothing and all the essentials. Then we built them a shelter also a shower and out house. Furnished the inside with their needs.

SAFE HOUSE KID'S MINISTRY

Cesar & Mary Dunnigan are the leaders at the safe house. They both were saved under our ministry and have awesome testimonies. At the Safe House Children's Ministry, we feed the children, teach them Bible stories, worship, play games and do crafts. Days well spent.

MISSIONS TRIPS

We have had several teams from different areas come for ministry. One team came and ministered at Victor's church and the men's rehab. Other teams like to go to the orphanage. Photos show some of the activities and ministry they have done while here. At the orphanage they fed the kids, played games, gave stuffed animals and candy. It's really a fun time spent with the kids and they really love it when people come and spend time loving on them. Thank God for the teams.

CHRISTMAS OUTREACHES

Thanks to many churches we were able to bless the Men's Rehab, Orphanage, Women's Elderly Handicapped ministry and the Safe House ministry to kids.
